# How to Purchase and Register CleverGet Crunchyroll

## Downloader

### 1. How to Purchase CleverGet Crunchyroll Downloader

CleverGet Crunchyroll Downloader provides both free and registered versions. The free version only downloads 3 videos from Crunchyroll.com, while the registered version has no download limit. To break the download limit and activate CleverGet Crunchyroll Downloader, you need to firstly purchase CleverGet Crunchyroll Downloader license, which includes 1-Year and Lifetime types. The below methods will guide you through how to purchase license of CleverGet Crunchyroll Downloader and other modules:

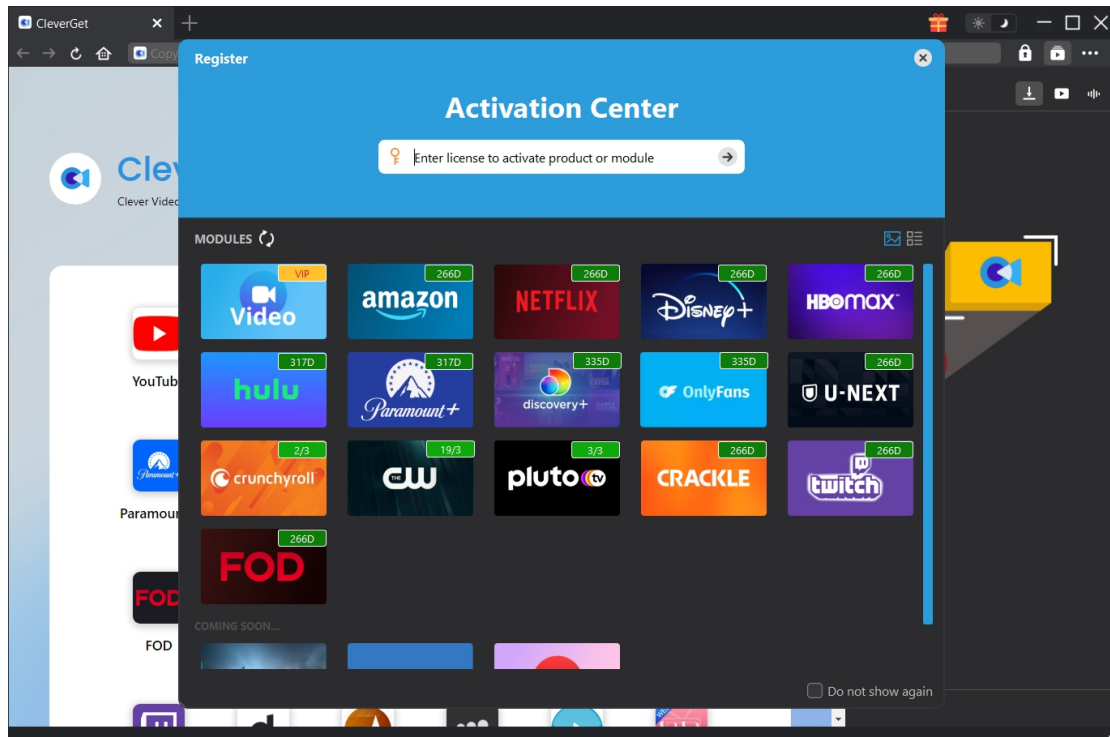

1. Open [purchase page of CleverGet Crunchyroll Downloader](#) and then select CleverGet Crunchyroll Download module and validation according to your needs before you click “Check Out Now” button to proceed. You will be led to the payment page to fill in the payment details. The license code will be sent to your E-mail box after you complete the payment in no time.
2. Or, on CleverGet program, click the three-dot icon  and then open the “Buy Now” button on the drop-down menu to enter the purchase page of CleverGet. Then choose the module(s) and validation to proceed as mentioned above.
3. Or, on CleverGet program, click the “Activate” button  to enter “Activation Center”. Choose the modules you want to purchase and then click “Buy Now” button. Afterwards, it'll take you to the purchase page of CleverGet modules, where you can purchase the registration code for certain or all modules.
4. Or, if you have already purchased and activated CleverGet modules, on the “Registration Center” interface, you could see “Renew” button right next to any activated module, by clicking which you could purchase a renewal license code to renew the usage.

**Note:** You could purchase license of any other modules of CleverGet in the ways mentioned above. And it should be noted that the more modules you purchase, the higher discount you will get.

### 2. How to Activate CleverGet Crunchyroll Downloader

Check your email boxes to get the license code. In case the license email is mistakenly sent to the trash box, please check all boxes if you don't find it in the inbox. After you have received your purchased license code in your email, you could now register and activate CleverGet Crunchyroll Downloader module in 2 ways as listed below:

A. On CleverGet program, click the “Activate” button  to enter “Activation Center”. Copy and paste the registration code you have purchased into the code box. Tap “Enter” key on keyboard or click  button to activate.

B. Or, on CleverGet program, click the three-dot icon  and then click the “Register” option to enter “Activation Center” for activating CleverGet Crunchyroll Downloader with valid registration code you’ve already purchased.

## How to Download Videos from Crunchyroll.com?

As a professional Crunchyroll video downloader, CleverGet Crunchyroll Downloader helps you download videos of various types from Crunchyroll.com at up to 1080P resolution with subtitles and audio tracks you choose, if ever provided, and at the same time remove ads for ads-free offline watching. You could even download Crunchyroll videos in batch. The below guide shows you how to use CleverGet Crunchyroll Downloader to download videos from Crunchyroll.com.

### Step 1: Download and Install CleverGet Crunchyroll Downloader

Firstly, free download and install CleverGet Crunchyroll Downloader on your computer. It's totally free and clean to download and install, available in both Windows and Mac versions. Download and install the right version.

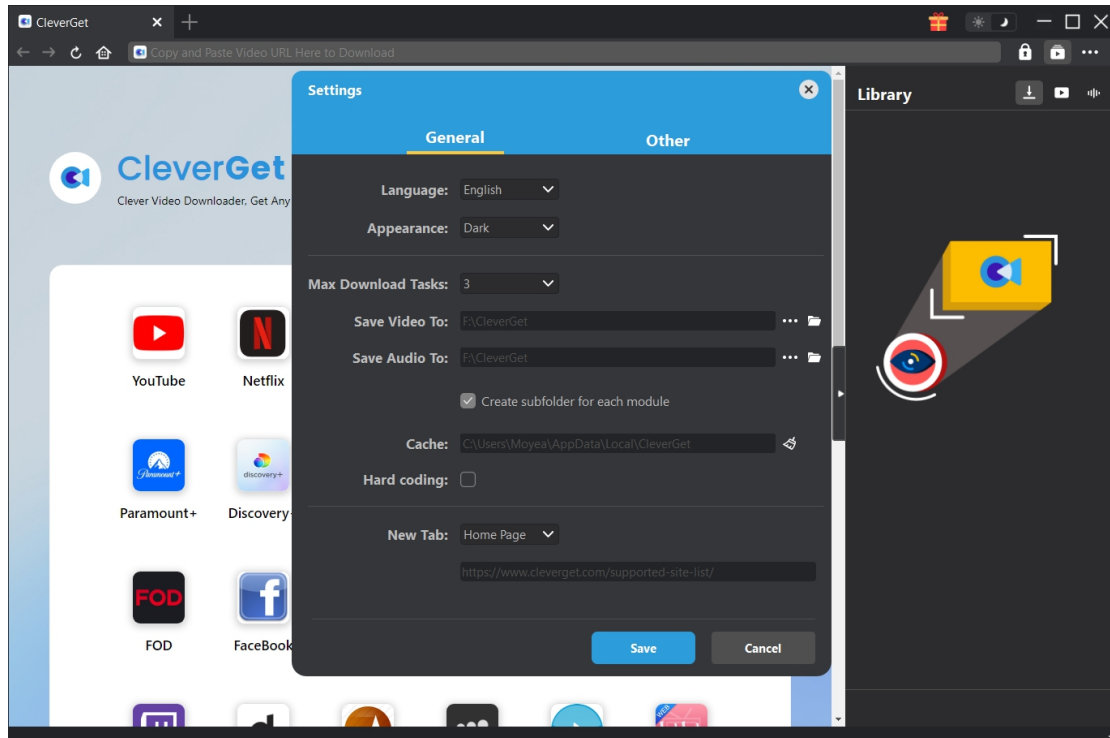

**Note:** CleverGet Crunchyroll Downloader is a module built in [CleverGet](#) program.

### Step 2: Set Output Directory

Before downloading videos from Crunchyroll, you could firstly adjust some settings like download directory, max downloads, language, appearance, etc. On CleverGet program, click the three-dot icon **...** and then click "Settings" option to open "Settings" panel. Under "General" tab, you

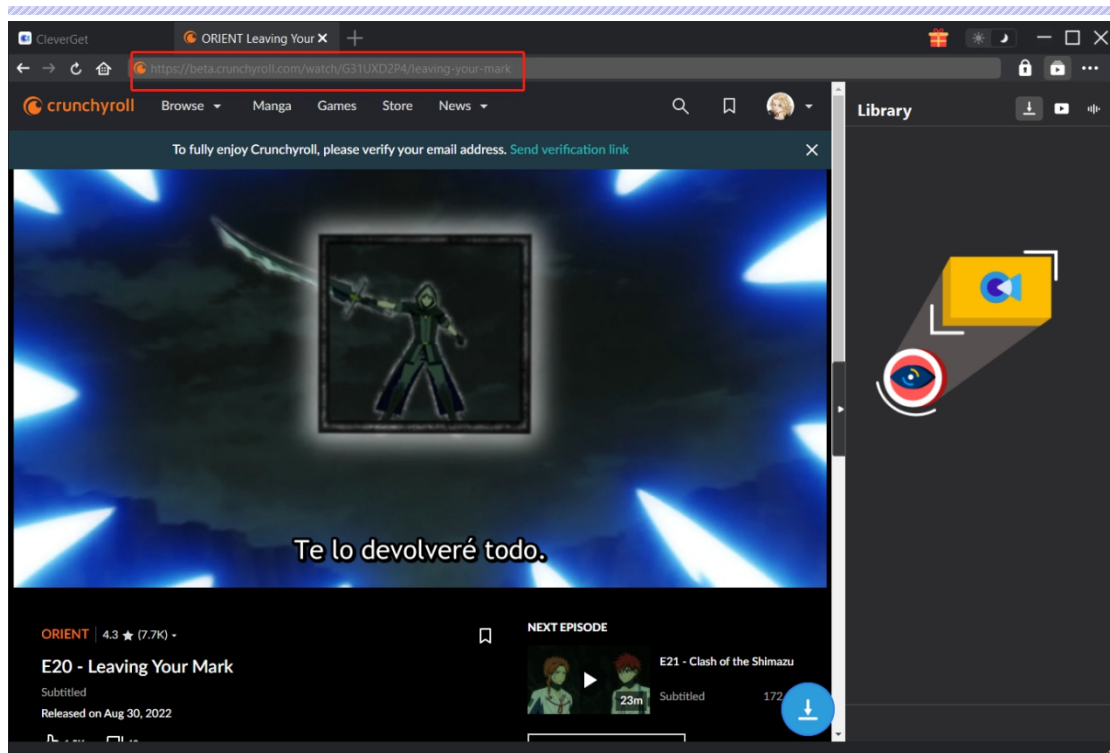

can set output directory in the “Save Video To” and “Save Audio To” boxes and change other settings like program UI language, appearance, max download tasks, etc. Checking “Create subfolder for each module” option will save online videos in sub-folder of corresponding modules. Finally, click “Save” button.

### Step 3: Log in Crunchyroll.com and play target video

Open the Crunchyroll.com within CleverGet, and search for target video for downloading from Crunchyroll.com website. Play back the Crunchyroll video you want to download. Of course, you could also directly copy and paste the Crunchyroll video URL into the address bar of CleverGet for downloading. Log into your account within CleverGet if it's needed.

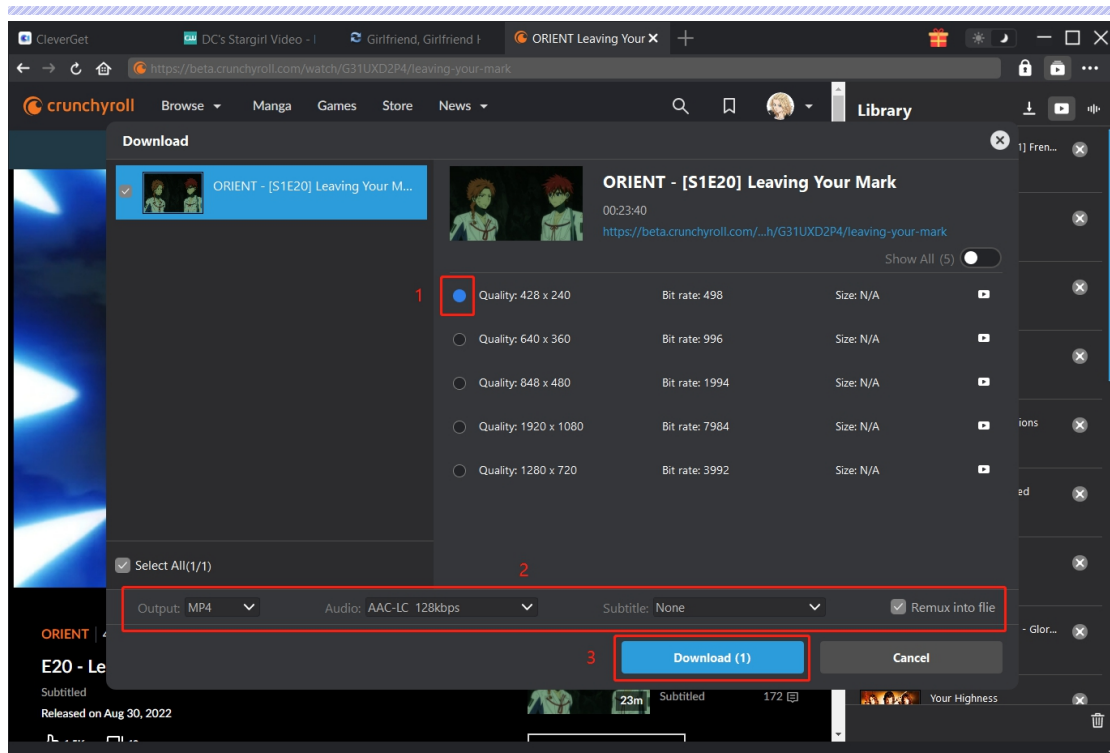

**Note:** Make sure the video you are going to download is being played back before you let CleverGet parse the Crunchyroll video URL.

## Step 4: Select Crunchyroll Video and Download

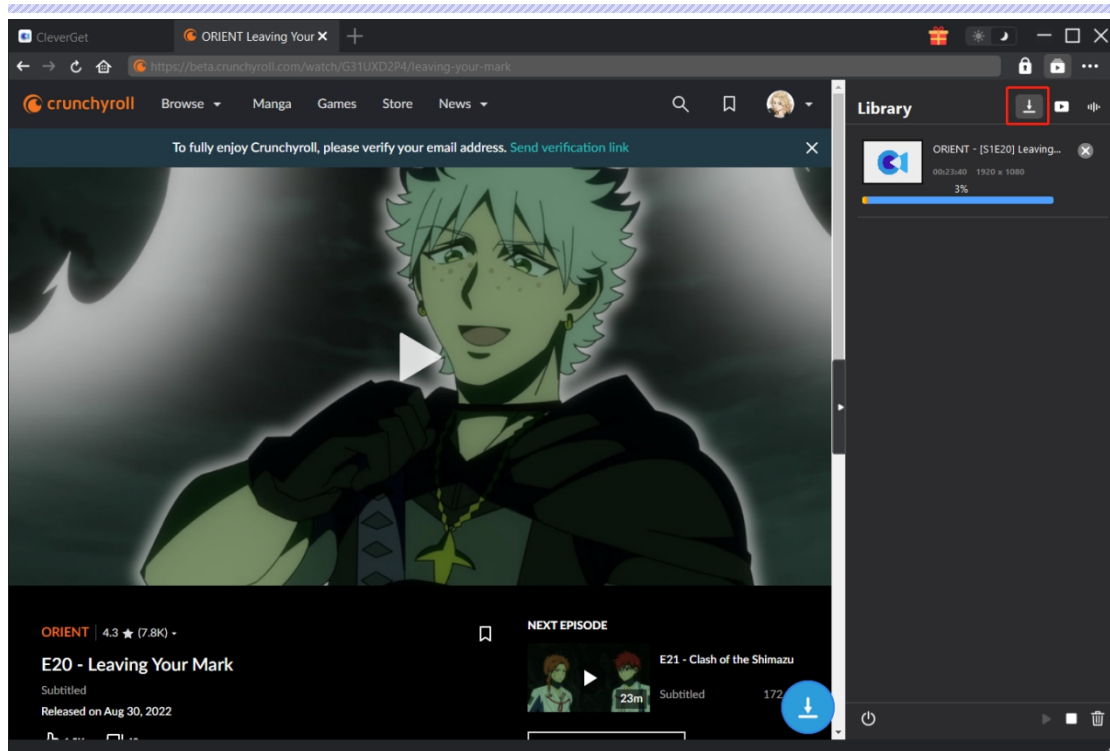

Once you have started playing back the target Crunchyroll video, click the download icon  at the bottom right corner to let CleverGet Crunchyroll Downloader parse the video URL. If CleverGet Crunchyroll Downloader successfully parses the video, it will pop up a “Download” interface with all available download options in different quality/resolution, frame rates and sizes. Choose the one you want to download and then click the blue “Download” button to start downloading Crunchyroll videos.

**Note:** CleverGet Crunchyroll Downloader could download only one subtitle and one audio track for each Crunchyroll video download.

## Step 5: Check Downloading Process

Once you have started Crunchyroll video downloading task, there will pop up a sidebar on the right side, showing you the downloading progress under the “Downloading”  tab. You could view the downloading progress and speed, cancel or delete downloading task anytime you like.

## Step 6: Check Downloaded Crunchyroll Videos

When downloading completes, it will automatically open the downloaded panel under the “Video” tab . Click “Play” button on the thumbnail of downloaded file to play it back with your default media player, or click “Open Folder” to open the local folder that saves downloaded videos. Right click to play it with [Leawo Blu-ray Player](#), delete a single video, delete all downloaded tasks or open source web page.

The screenshot shows a web browser window with the URL <https://beta.crunchyroll.com/watch/G31UXD2P4/leaving-your-mark>. The browser's address bar and tabs are visible at the top. The website header includes the Crunchyroll logo and navigation links for Browse, Manga, Games, Store, and News. A notification banner at the top of the page reads: "To fully enjoy Crunchyroll, please verify your email address. Send verification link".

The main content area features a video player for the anime "ORIENT". The video title is "E20 - Leaving Your Mark", with a rating of 4.3 stars from 7.8K users. It is noted as "Subtitled" and "Released on Aug 30, 2022". A "NEXT EPISODE" section below the video shows "E21 - Clash of the Shimazu" with a 23m duration and "Subtitled" status. A download icon is visible in the bottom right corner of the video player.

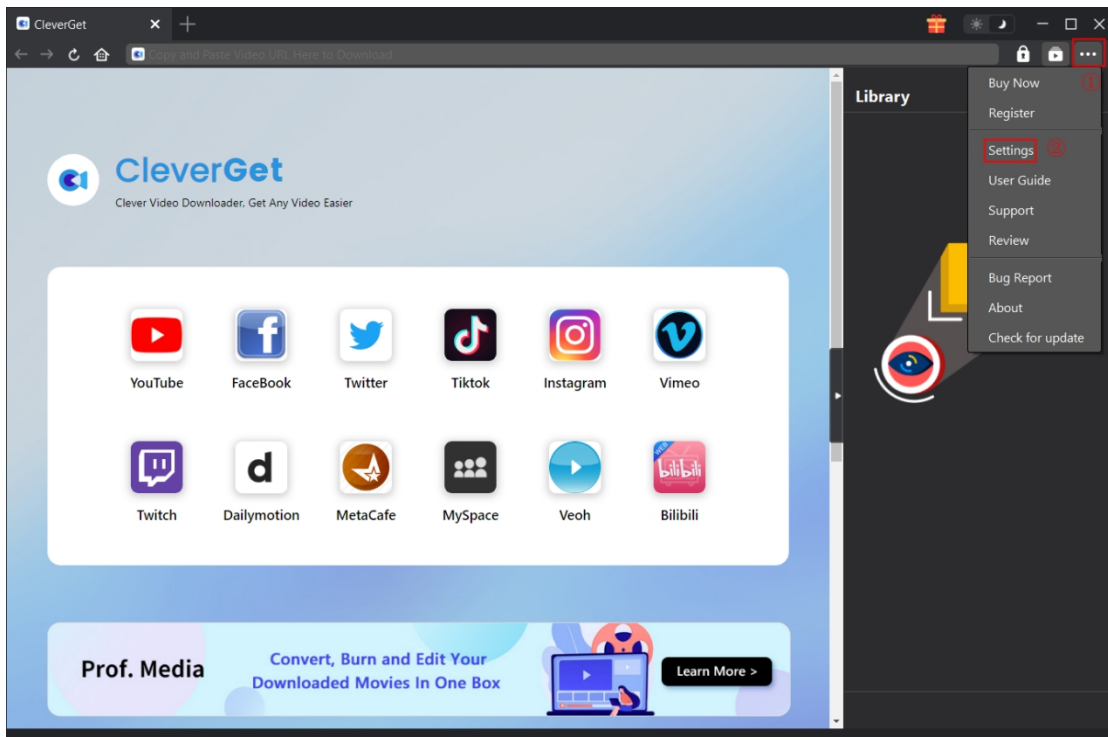

On the right side, there is a "Library" sidebar containing a list of anime titles, each with a thumbnail and an "Open Folder" link:

## How to Set CleverGet Crunchyroll Downloader

CleverGet Crunchyroll Downloader enables you to adjust the default settings of CleverGet according to your own needs. On the top right corner of CleverGet, click the three-dot icon and then you could see a drop-down menu, which includes multiple options: Buy Now, Register, Settings, User Guide, Support, FAQ, Review, Bug Report, About and Check for update. Click any option to get help you need.

To change the default settings of CleverGet, click the “Settings” option on the drop-down menu to enter “Settings” panel.

The Settings panel includes 2 tabs: General and Other, as shown below:

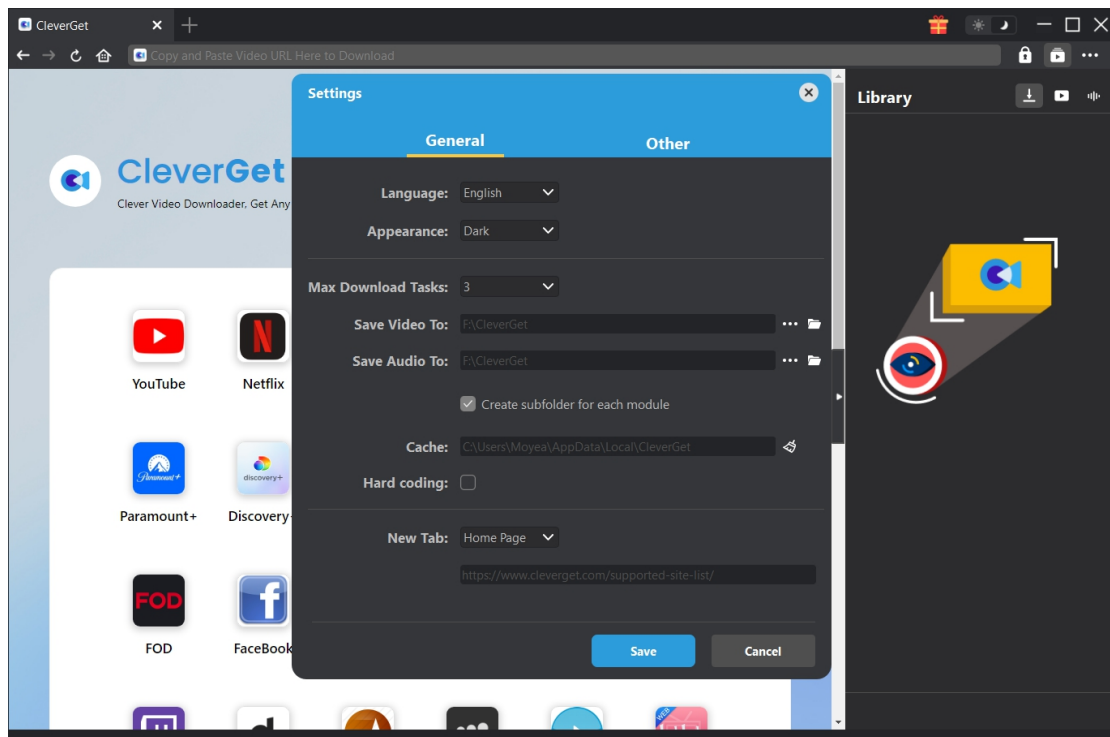

### General Tab

In the “General” tab, you can find almost all default settings to improve your downloading experience. Here we have:

1. **Language:** Change interface language from 5 languages: English, Chinese (Simplified), Japanese, German, and French.
2. **Appearance:** Switch between light and dark modes. Or, change it directly by clicking “Light/Dark Mode” icon  on the main interface.
3. **Max Download Tasks:** Decide how many tasks CleverGet could process at the same time, from 1 to 5.
4. **Save Video To:** View default directory for saving downloaded videos, and change it according

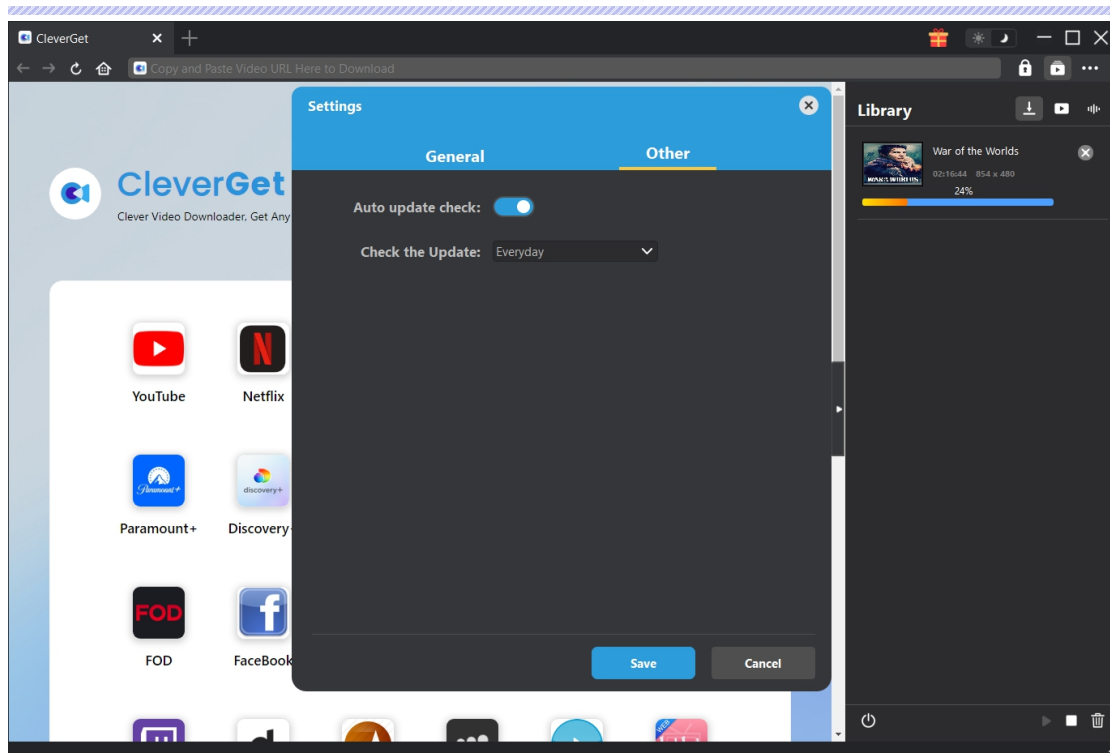

to personal preferences.

5. **Save Audio To:** View default directory for saving downloaded audios, and change it according to personal preferences.
6. **Create subfolder for each module:** Automatically create subfolders for all modules if checked. Save and classify downloaded videos to corresponding module's subfolders.
7. **Cache:** Show you the program browser cache address, and access to clear cache in one click, aiming to help fix issues like program crash, program getting stuck, etc.
8. **Hard coding:** Check this to use your GPU graphics card for coding the downloaded file, which is much faster but has higher requirement on computer hardware configuration.
9. **New Tab:** Choose to open a new tab to home page, default page or blank page.

## Other Tab

Open Other tab to enable/disable “Automatic Update” feature and set frequency that you suppose CleverGet to check for update within “Check the Update” button.

After all settings are finished, remember to click “Save” button to save all changes.
