How to Download Discovery Plus TV Episodes/Shows?

As a professional Discovery+ video downloader, CleverGet Discovery Plus Downloader helps you download Discovery+ TV episodes at up to 1080P resolution with desired subtitles and audio tracks. The below guide shows you how to use CleverGet Discovery Plus Downloader to download TV episodes, shows and other videos on Discovery Plus.

Step 1: Download and Install CleverGet Discovery Plus Downloader

Download and install CleverGet Discovery Plus Downloader on your computer. Make sure you have downloaded and installed the right version of CleverGet program according to your computer system.

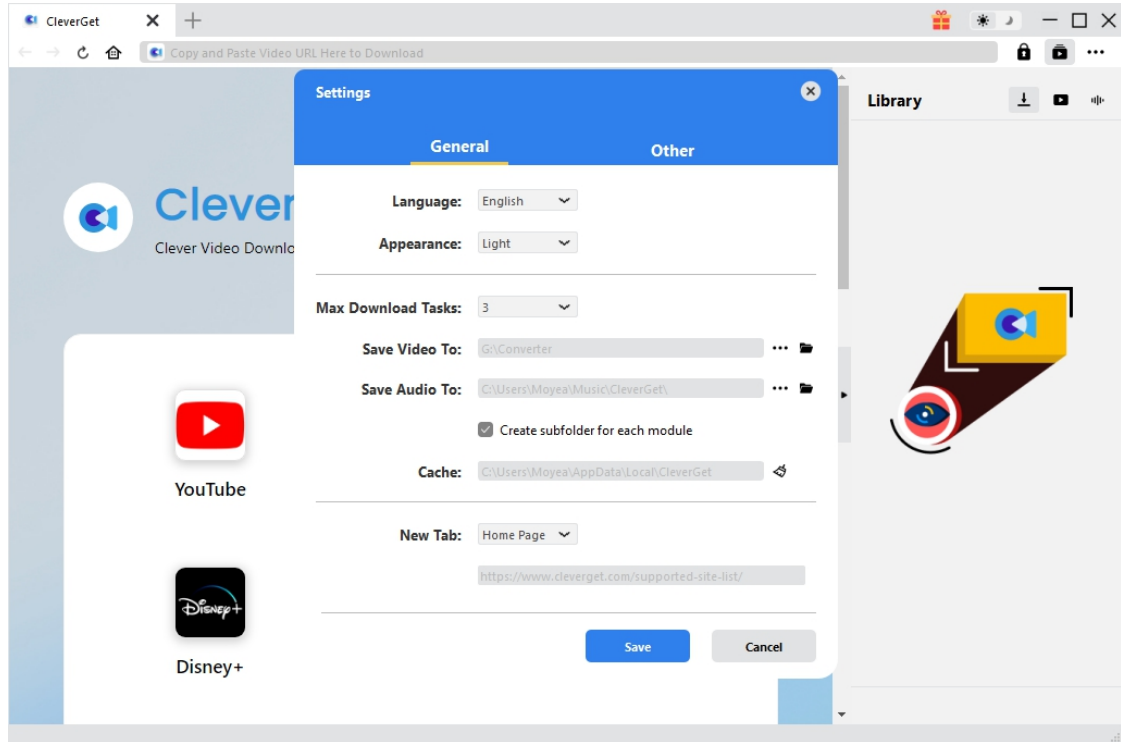

Note: CleverGet Discovery Plus Downloader is a component of [CleverGet](#) program.

Step 2: Set Output Directory

Before downloading videos from Discovery+, you could firstly adjust some settings. CleverGet has default download directory, but allows custom change. On CleverGet program, click the three-dot icon **...** and then click "Settings" option to open "Settings" panel. Under "General" tab, you

can set output directory in the “Save Video To” and “Save Audio To” boxes and change other settings like program UI language, appearance, max download tasks, etc. Checking “Create subfolder for each stream service” option will save online videos in related sub-folder of corresponding modules. Finally, click “Save” button.

Step 3: Log in Discovery+ and play target video

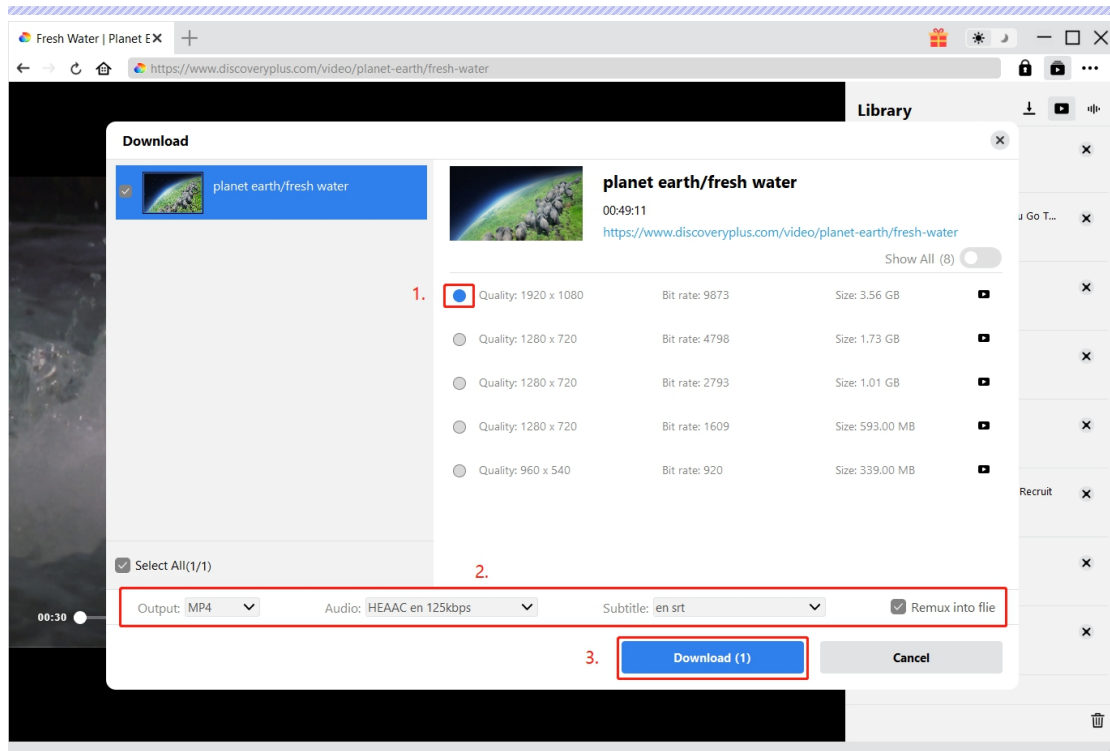

Within the address bar of CleverGet, open the discoveryplus.com and then log in with your own account. Then, you could search for target video to download within discoveryplus.com website. Play back the Discovery+ video you want to download.

Note: Make sure you have entered the playback page of target Discovery+ video before you let CleverGet analyze the video URL.

Step 4: Select Discovery Plus Video and Download

Once you have entered the Discovery Plus video playback page, click the download icon  at the bottom right corner to let CleverGet Discovery Plus Downloader parse the video URL. If CleverGet Discovery Plus Downloader successfully parses the video, it will pop up a “Download” interface with all available download options listed in different quality/resolution, frame rates and sizes. You could see options for Output, Audio Tracks and Subtitles setting. Select the video, audio tracks, subtitles and output format, and decide whether or not to remux subtitles into output video. And then click “Download” button to start downloading Discovery Plus shows/videos.

Note: Subtitles will be packed into output video if you check "Remux into File" option. Otherwise subtitles will be saved in either SRT or SUP format separately.

Step 5: Check Downloading Process

Once you have started a Discovery Plus video downloading task, there will pop up a sidebar on the right side, showing you the downloading progress under the "Downloading"  tab. You could view the downloading progress and speed. Click "Close" icon  to end and delete the task anytime you like.

Step 6: Check Downloaded Discovery+ shows/videos

When downloading completes, it will automatically open the downloaded panel under the "Video" tab . Click "Play" button on the thumbnail of downloaded file to play it or click "Open Folder" to open file in its exact location. Right click to play it with [Leawo Blu-ray Player](#), delete it, delete all downloaded tasks or open source web page.
