## How to Download Videos from Disney Plus?

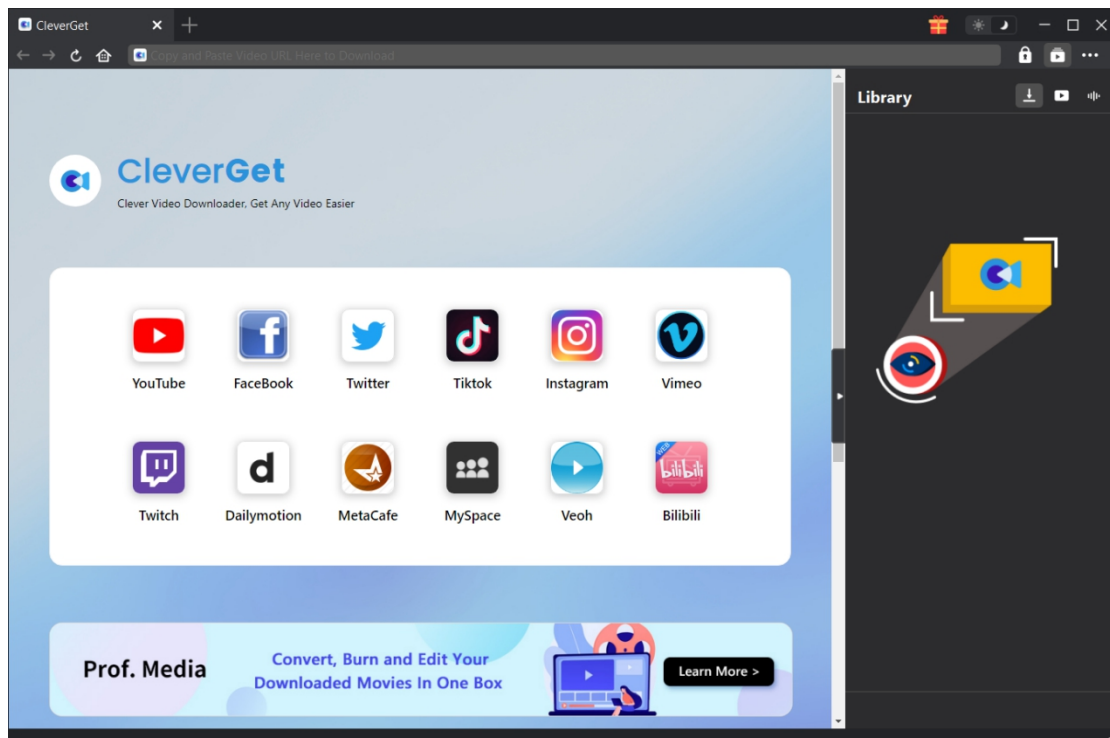

How to download movies and TV series from Disney Plus? Check the below guide to learn how to use CleverGet Disney Plus Downloader to download movies and shows on Disney Plus.

**Note:** Currently, CleverGet Disney Plus Downloader could only download one video from Disney Plus at a time.

### Step 1: Download and Install CleverGet Disney Plus Downloader

Download and install CleverGet Disney Plus Downloader on your computer. Make sure you have downloaded and installed the right version according to your computer system.

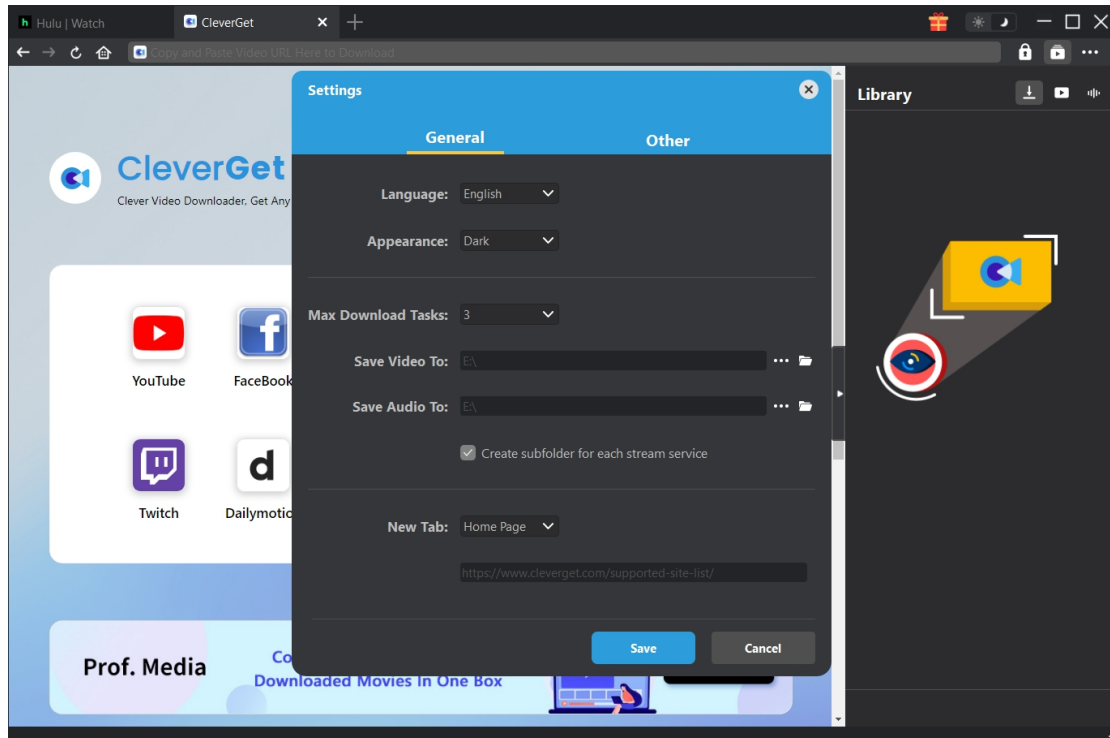

**Note:** CleverGet Disney Plus Downloader is a component of [CleverGet](#) program.

### Step 2: Set Output Directory

On CleverGet, click the three-dot icon **⋮** and then click “Settings” option to open “Settings”

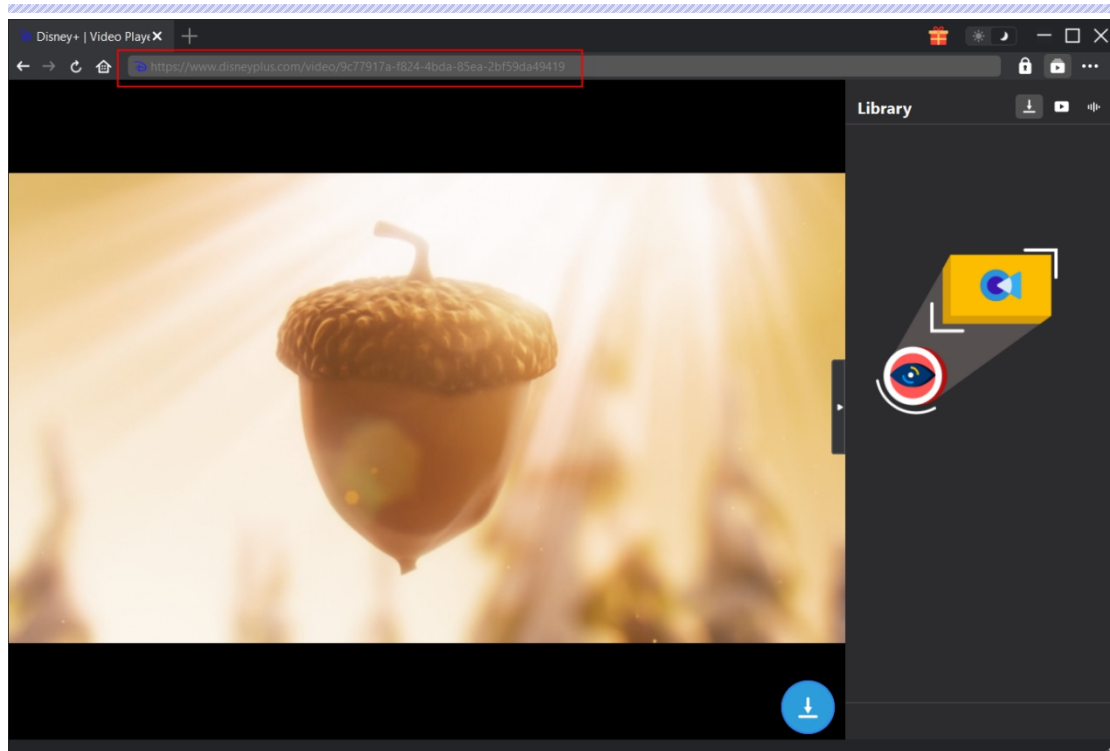

panel. Under “General” tab, you can set output directory in the “Save Video To” and “Save Audio To” boxes and change other settings like program UI language, appearance, max download tasks, etc. Checking “Create subfolder for each stream service” option will save online videos in related sub-folder according to video website. Finally, click “Save” button.

### Step 3: Search for Target Disney Plus Video

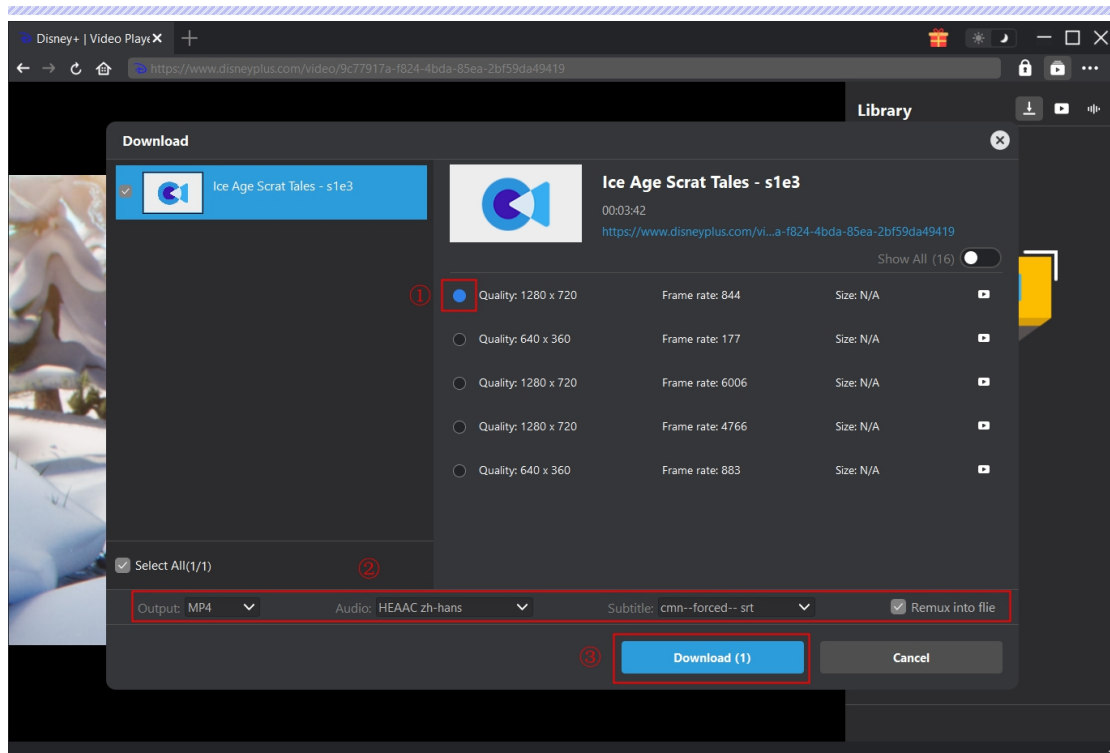

You could directly copy and paste Disney Plus video URL into the address bar to open, play and download Disney Plus video within CleverGet. CleverGet allows you to log into Disney Plus with your own account and password. Also, you could open Disney Plus home page, log in and then search for target video for downloading within CleverGet.

## Step 4: Select Disney Plus Video and Download

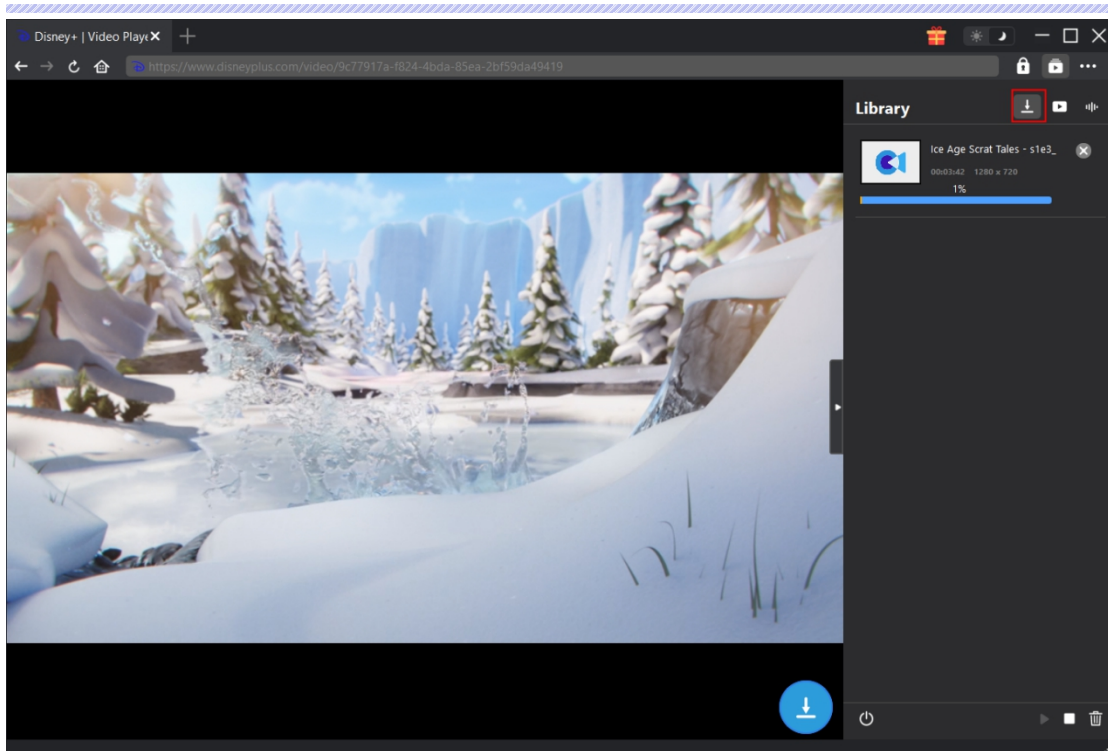

On the opened Disney Plus video page, click the download icon  at the bottom right corner to let CleverGet Disney Plus Downloader parse the video URL. If CleverGet Disney Plus Downloader successfully parses the video, it will pop up a “Download” interface with all available download options listed in different quality/resolution, frame rates and sizes. Below the video result panel, you could see options for Output, Audio Tracks and Subtitles setting. Select the video, audio tracks, subtitles and output format, and decide whether or not to remux subtitles into output video. And then click “Download” button to start downloading Disney Plus series/movies.

**Note:** Subtitles will be packed into output video if you check "Remux into File" option. Otherwise subtitles will be saved in either SRT or SUP format separately.

## Step 5: Check Downloading Process

CleverGet enables you to view the downloading progress on the right sidebar once you have started a Disney Plus video downloading task. Click "Downloading" icon  to check out the downloading progress. You could view the downloading progress and speed. Click "Close" icon  to end and delete the task anytime you like.

## Step 6: Check Downloaded File

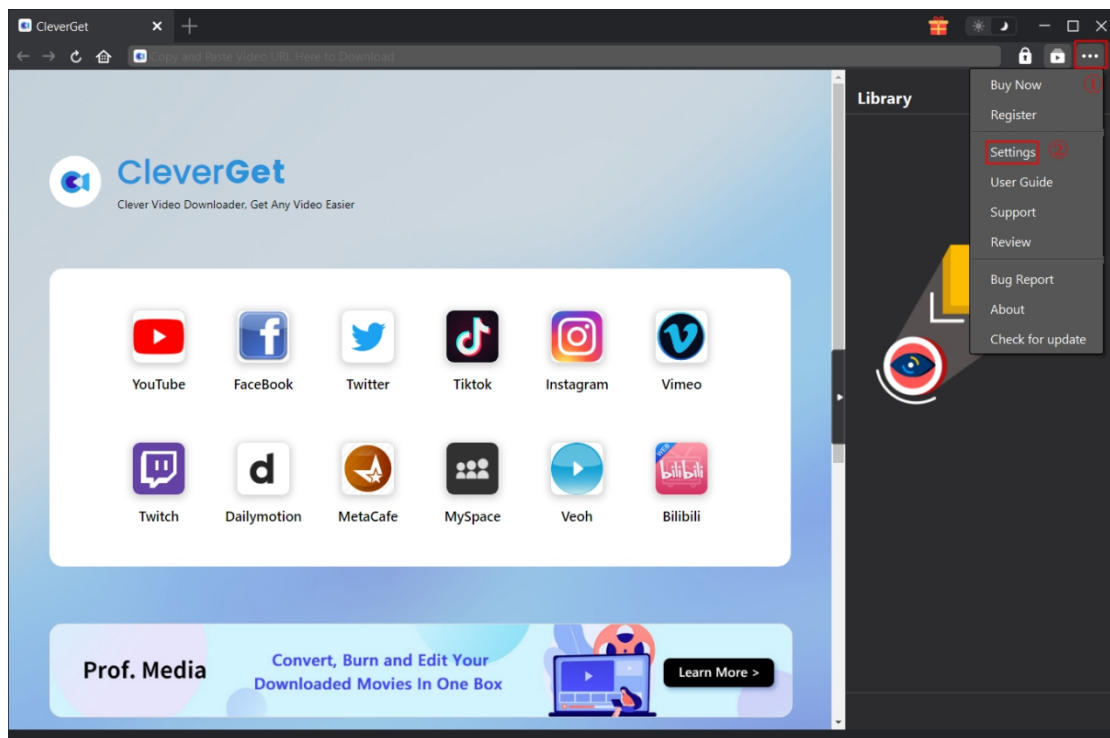

When downloading completes, it will automatically open the downloaded panel. Click “Play” button on the thumbnail of downloaded file to play it or click “Open Folder” to open file in its exact location. Right click to play it with [Leawo Blu-ray Player](#), delete it, delete all downloaded tasks or open source web page.

## How to Set CleverGet

On CleverGet, click the three-dot icon to call out multiple options on the drop-down menu, including: Buy Now, Register, Settings, User Guide, Support, Review, Bug Report, About and Check for update. Click any option to get any help you want.

To set CleverGet, click the “Settings” option to enter “Settings” panel. After all settings are finished, click “Save” button to save all changes.

There are several tabs on the “Settings” panel. Here we introduce them one by one.

### General Tab

In the “General” tab, you can find almost all basic settings that you may need. Here we have:

1. **Language:** You can change interface language in this section, where 5 languages are selectable.
2. **Appearance:** It allows you to switch between light and dark mode and you are able to change it directly by clicking “Light/Dark Mode” icon  on the main page.
3. **Max Download Tasks:** Ranging from 1 to 5, maximum volume of download tasks are changeable.
4. **Save Video To:** View default directory for saving downloaded videos, and change it according to personal preferences.

5. **Save Audio To:** View default directory for saving downloaded audios, and change it according to personal preferences.
6. **Create subfolder for each stream service:** Automatically create subfolders for all modules and save and classify downloaded videos to corresponding subfolders.
7. **New Tab:** Choose to open a new tab to default page or blank page.

## Other Tab

Open Other tab to enable/disable “Automatic Update” feature and set frequency that you suppose CleverGet to check for update within “Check the Update” button.
