Brief Introduction

Can you download shows on HBO Max? Can you download HBO movies? Can you watch HBO Max offline? If you are looking for solutions to download HBO movies and shows to watch HBO videos offline, CleverGet HBO Downloader is exactly what you need.

With this HBO video downloader, you could download movies/shows/series from HBO, HBO Max, and other HBO franchises at up to 720P with desired subtitles and audio tracks to watch HBO offline.

Main features:

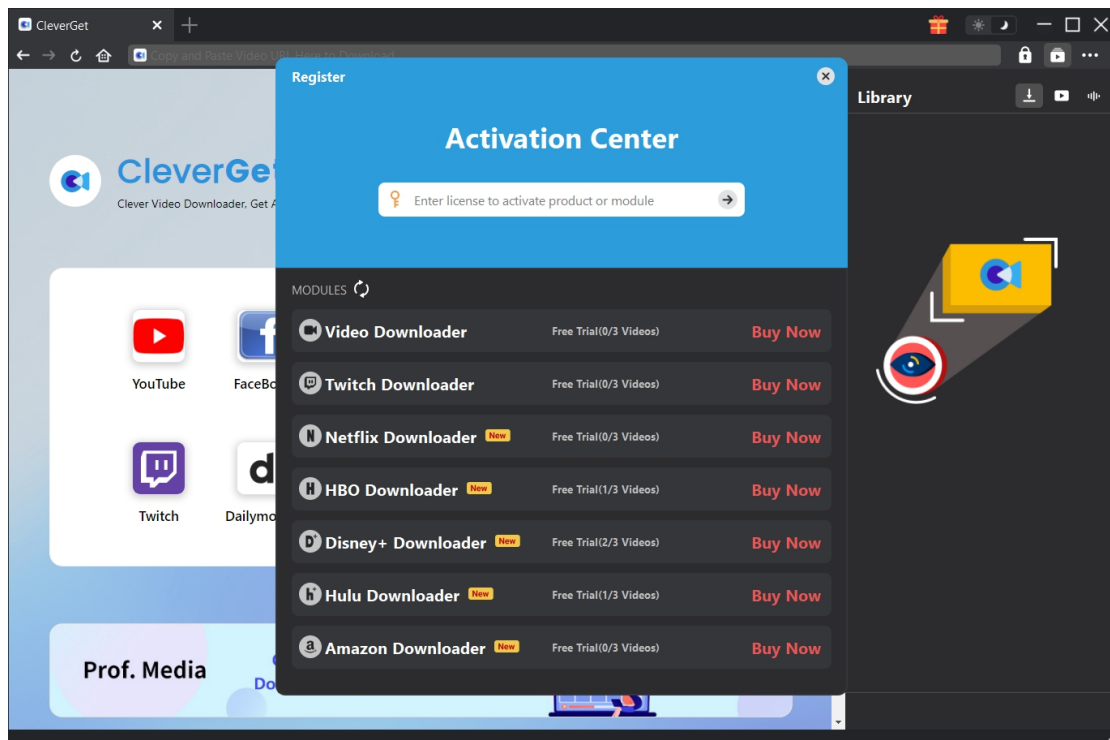

1. Download HBO shows and movies to watch HBO offline.
2. Download HBO videos at up to 720P without quality loss.
3. Download movies/shows from HBO, HBO Now and HBO Max to MP4/MKV files.
4. Download HBO movies and shows with multiple subtitles and audio tracks.
5. Download movie/show subtitles as independent SRT/SUP file or pack subtitles into output video.
6. Provide movie/show information including title, length, resolution, size, etc.
7. High HOB movie/show downloading speed.

How to Register CleverGet HBO Downloader

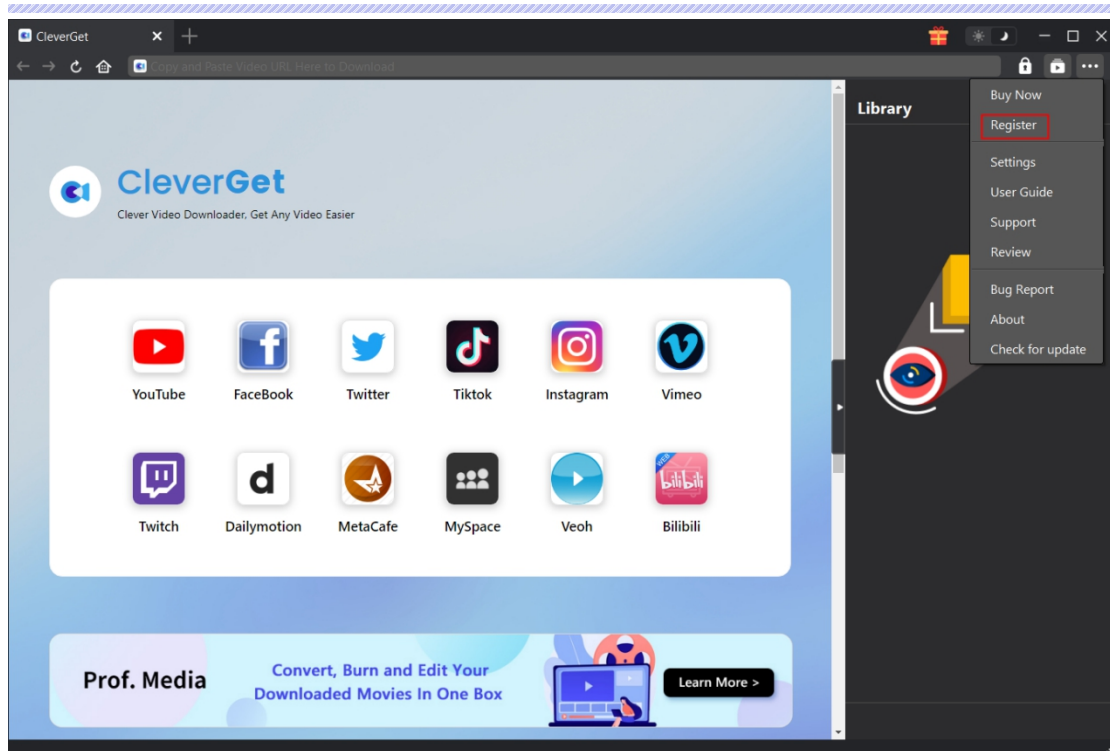

1. Activate CleverGet HBO Downloader

CleverGet HBO Downloader module, and other CleverGet modules, could be activated in the below 2 ways:

A. After firing up CleverGet, hit the “Activate” button  on the top-right corner and you will be guided to the “Activation Center” panel, where you could copy and paste the registration code you have purchased into the code box, and then tap “Enter” key on keyboard or click  button to activate CleverGet HBO Downloader or other modules.

B. Alternatively, click the three-dot icon  and then open the “Register” option to enter “Activation Center” panel. Then, do as mentioned above to activate CleverGet modules.

2. How to Purchase Registration Code

You could purchase registration code of CleverGet HBO Downloader and other CleverGet modules for activating from either CleverGet.com or CleverGet program, as listed below:

1. Directly visit the [purchase page of CleverGet HBO Downloader](#) to purchase CleverGet HBO Downloader module (or other modules) and get registration code. Select modules and validation according to your needs and then click “Check Out Now” to proceed and complete the payment. The registration code will be sent to your E-mail box after you finish the payment in no time.
2. On CleverGet program, click the three-dot icon  and then open the “Buy Now” button to enter the purchase page of CleverGet package. Then choose the module(s) you want and proceed as mentioned above.
3. On CleverGet program, click the “Activate” button  to enter “Activation Center”. Choose the modules you want to buy and then click “Buy Now” button. After that, it’ll take you to the purchase page of CleverGet modules, where you can purchase the registration code for all modules.
4. On the “Registration Center” interface, if you have already purchased and activated a module, you could see “Renew” button right beside, by clicking which you can purchase and get a renewal code to renew the usage.

How to Download Videos from HBO?

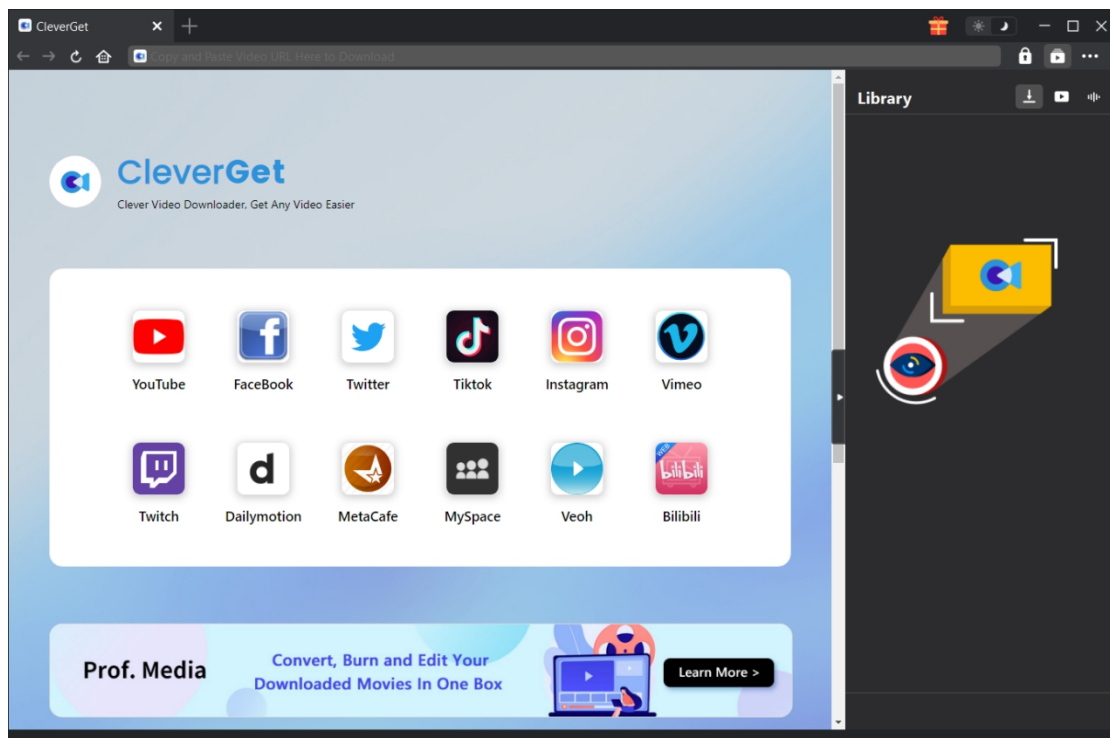

How to download shows on HBO Max? How to download HBO Max movies on laptop? The below content shows you how to use CleverGet HBO Downloader to download HBO movies and shows.

Note: Currently, CleverGet HBO Downloader could only download one video from HBO at a time.

Step 1: Download and Install CleverGet HBO Downloader

First of all, make sure you have downloaded and installed CleverGet HBO Downloader on your computer. Make sure you have right version according to your computer system.

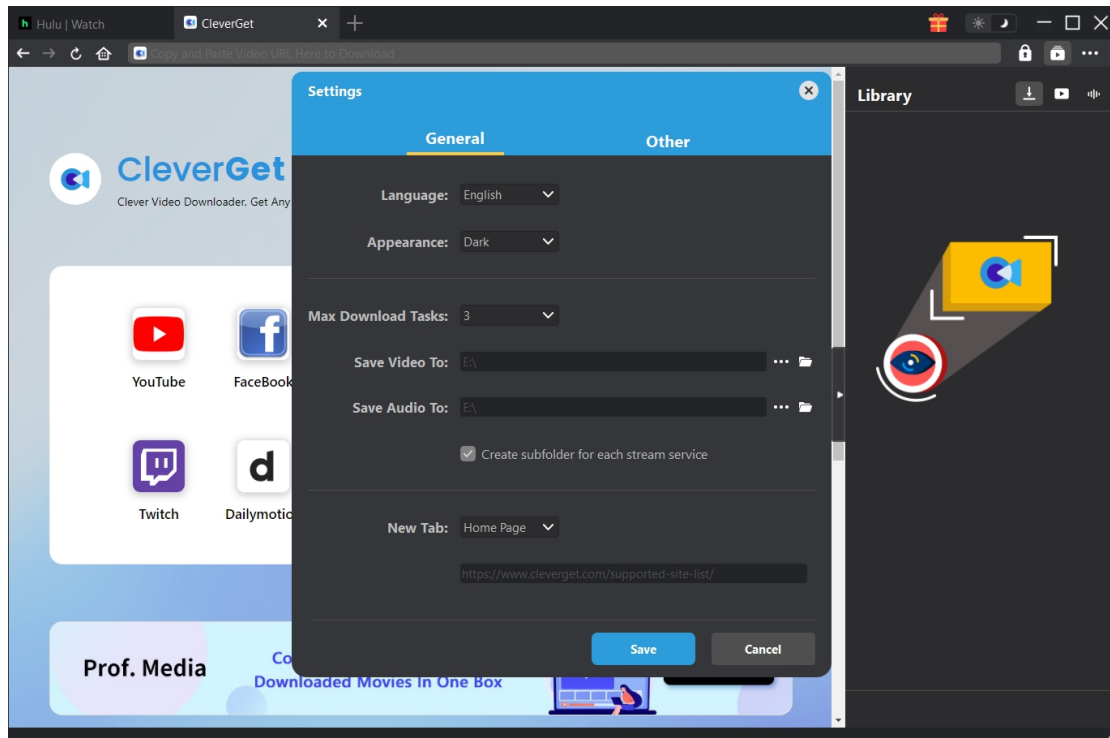

Note: CleverGet HBO Downloader is a component of [CleverGet](#) program.

Step 2: Set Output Directory

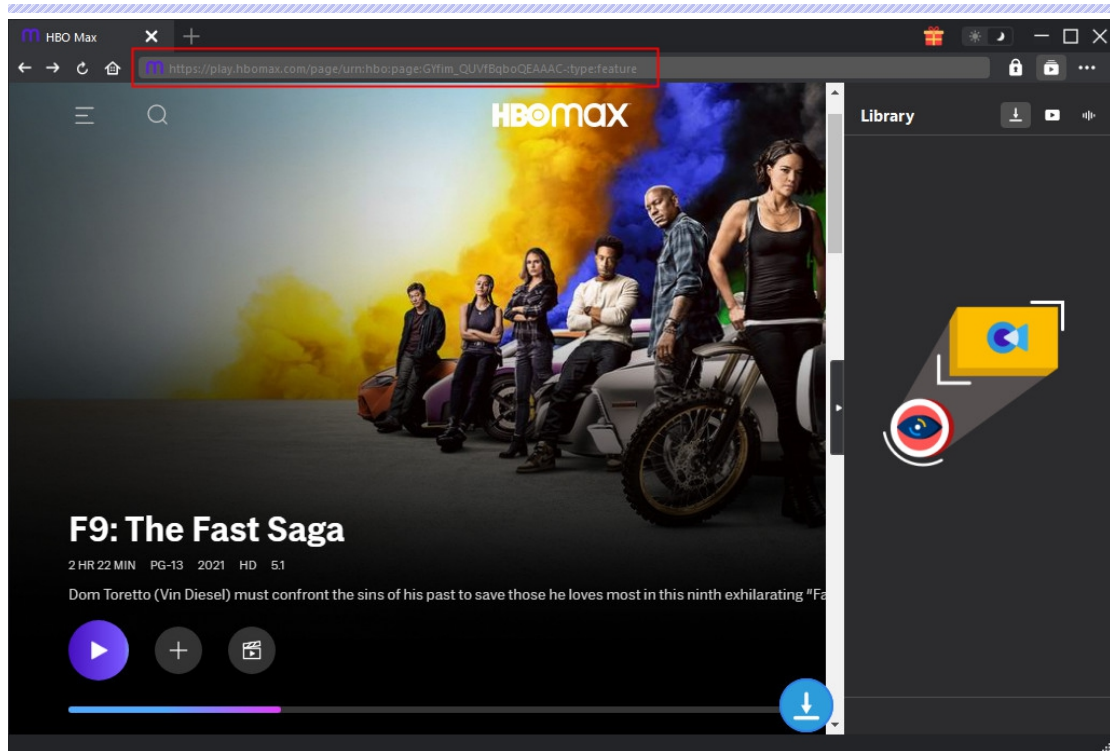

CleverGet has default download directory, but allows custom change. On CleverGet, click the three-dot icon **...** and then on the drop-down menu click “Settings” option to open “Settings” panel. Under “General” tab, you can set output directory in the “Save Video To” and “Save Audio To” boxes and change other settings like program UI language, appearance, max

download tasks, etc. You could check “Create subfolder for each stream service” option to save online videos in related sub-folder according to video website. Finally, click “Save” button.

Step 3: Locate Target Video

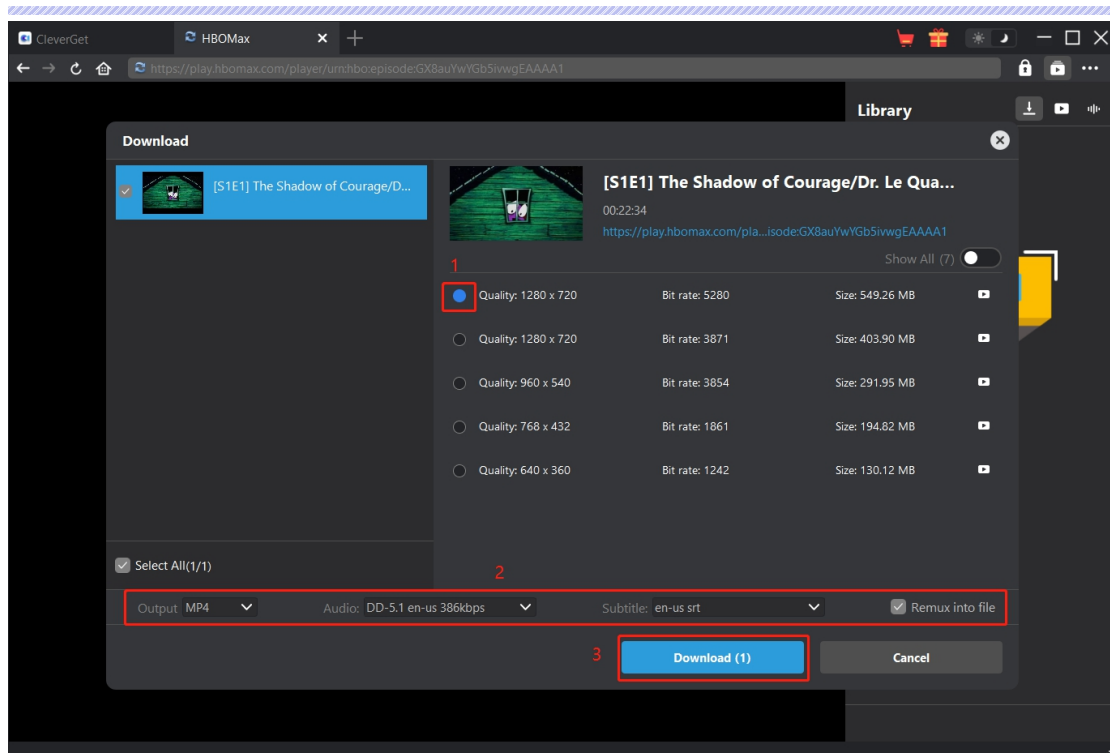

There are 2 ways for you to locate target HBO video for downloading. Directly copy and paste HBO movie/show URL into the address bar to open, play and download. Or, you could open HBO home page, log in and then search for target video for downloading within CleverGet. In either way, CleverGet allows you to log into HBO with your own account and password.

Note: Make sure you have entered a video URL that is directly playing back target video for CleverGet to download. Otherwise CleverGet will not analyze and parse the video URL effectively.

Step 4: Select HBO Video and Download

On the opened video page, you could see the icon  at the bottom right corner, by clicking which you could let CleverGet HBO Downloader parse the video URL. If CleverGet HBO Downloader successfully parses the video, it will pop up a "Download" interface with all available download options listed in different quality/resolution, frame rates and sizes. Choose the one you want to download. Also, you could set Output, Audio Tracks and Subtitles below. And then click "Download" button to start downloading HBO movie/show.

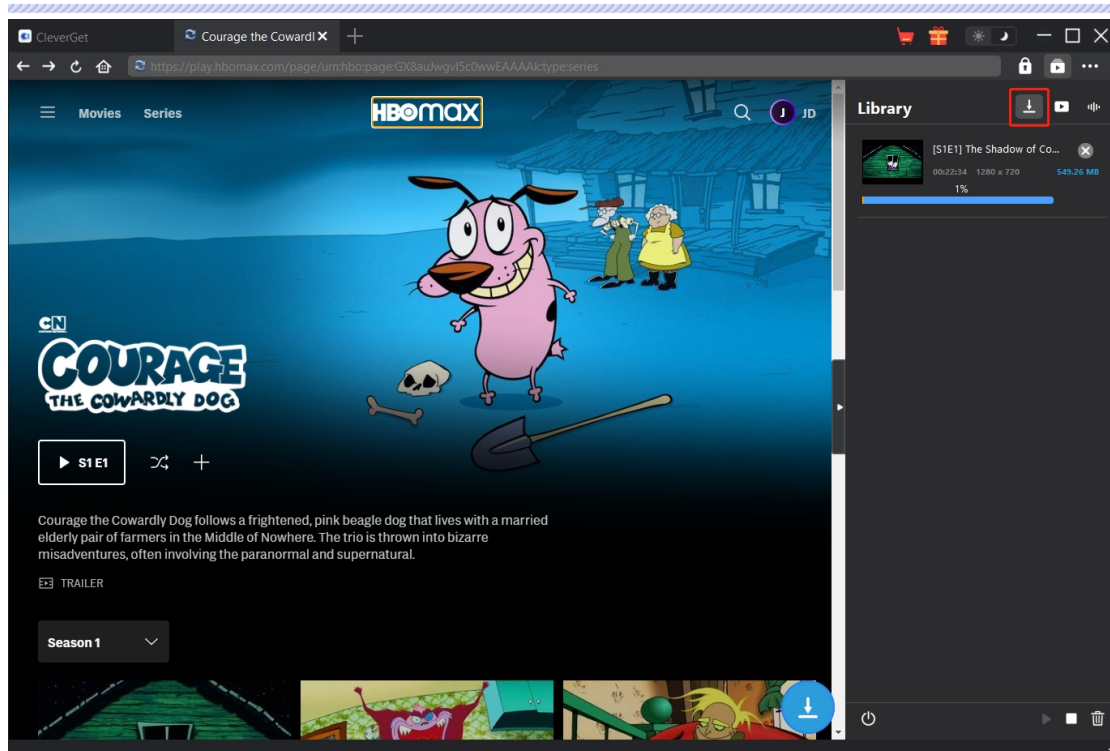

Note: Subtitles will be packed into output video if you check "Remux into File" option. Otherwise subtitles will be saved in SRT or SUP format separately.

Step 5: View Downloading Process

Once the download starts, there will pop up a sidebar showing you the downloading progress.

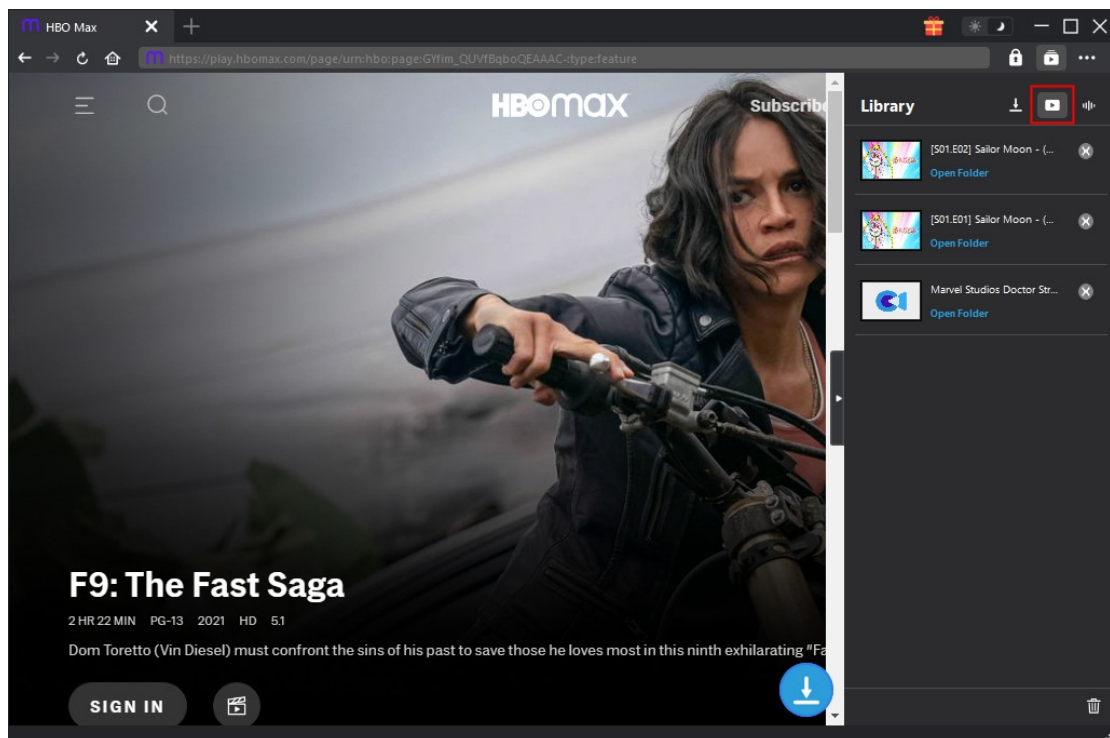

Click "Downloading" icon  to check out the downloading progress. You could view the

downloading progress and speed. Click "Close" icon  to end and delete the task anytime you like.

Step 6: View Downloaded File

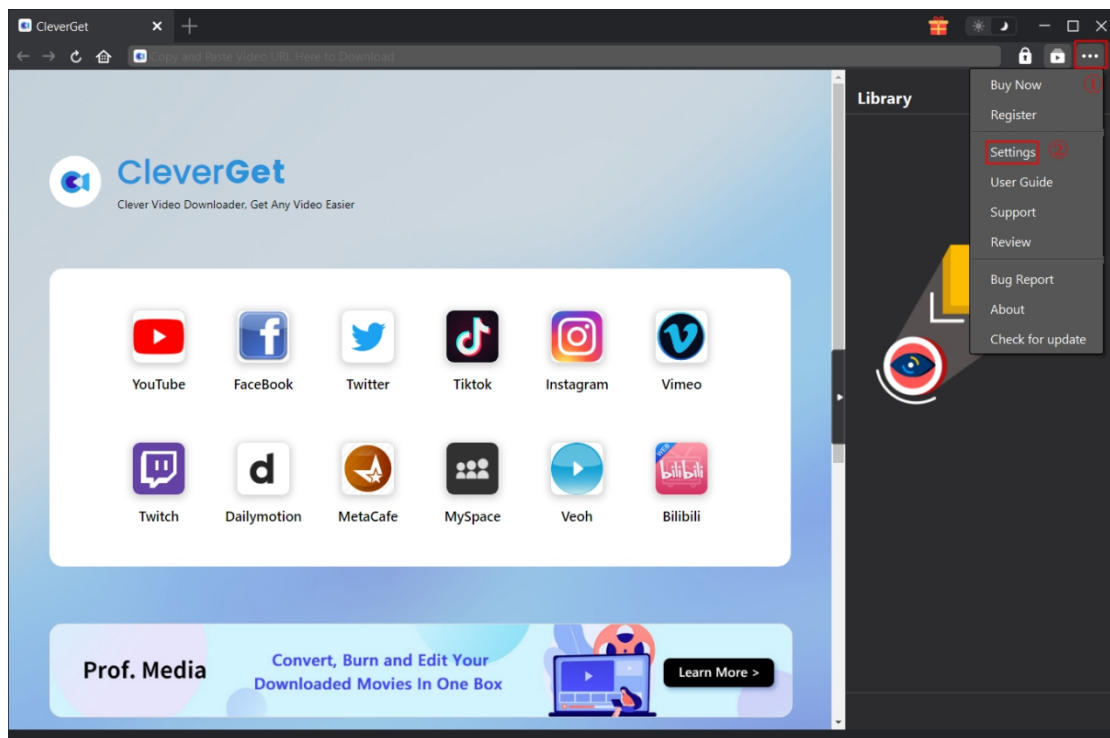

When downloading completes, it will automatically open the downloaded panel. Click “Play” button on the thumbnail of downloaded file to play it or click “Open Folder” to open file location. Right click to play it with [Leawo Blu-ray Player](#), delete it, delete all downloaded tasks or open source web page.

How to Set CleverGet

CleverGet offers multiple options for users to get help or set the software, including: Buy Now, Register, Settings, User Guide, Support, Review, Bug Report, About and Check for update. All these options could be accessed by clicking the three-dot icon.

To set CleverGet, click the three-dot icon and then choose the “Settings” option to enter “Settings” panel.

You could see 2 tabs on the “Settings” panel: General and Other. Refer to the below content to learn the detailed functions and settings.

General Tab

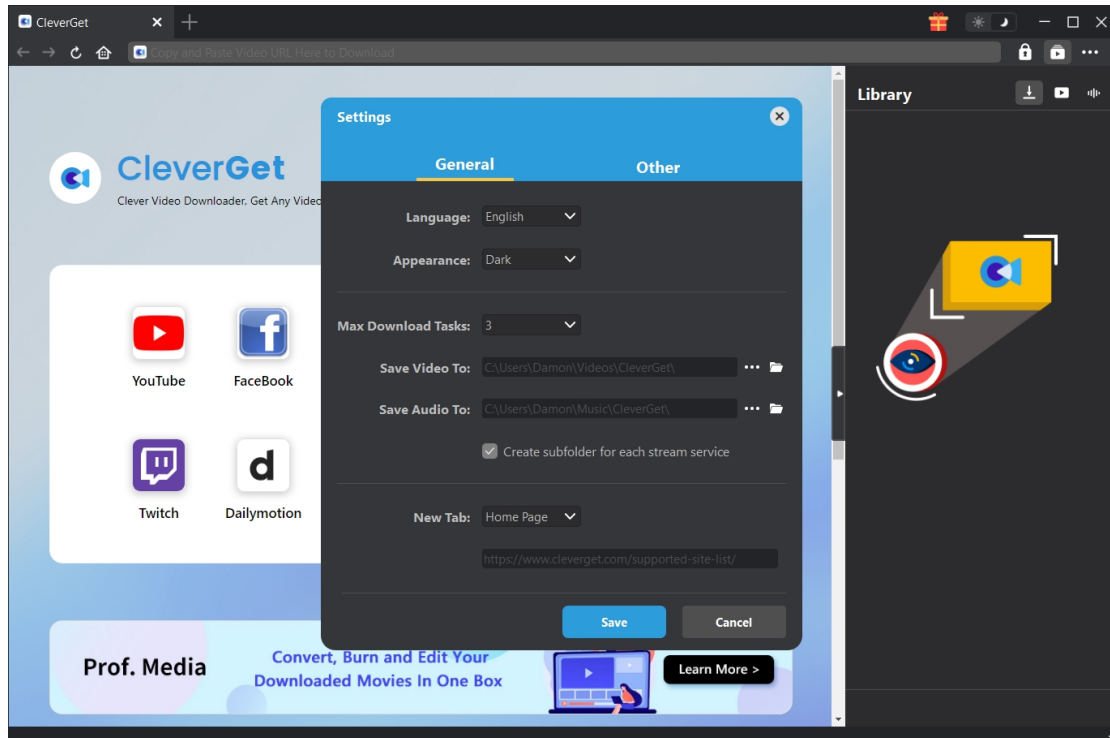

In the “General” tap, you can find almost all basic settings for CleverGet, including:

1. **Language:** Change program interface language. 5 UI languages are available.
2. **Appearance:** Switch program appearance between Light and Dark modes here, or change it directly by clicking “Light/Dark Mode” icon  on the main page.
3. **Max Download Tasks:** Set the maximum volume of download tasks at the same time.
4. **Save Video To:** View default directory for saving downloaded videos, and change it according to personal preferences.
5. **Save Audio To:** View default directory for saving downloaded audios, and change it according

to personal preferences.

6. **Create subfolder for each stream service:** Automatically create subfolders for all modules and save downloaded videos to corresponding subfolders.

7. **New Tab:** Choose to open a new tab to default page or blank page.

Other Tab

Open Other tab to enable/disable “Automatic Update” feature and set frequency that you suppose CleverGet to check for update within “Check the Update” button.
